

**District Administrator Report
District 17-A Cabinet Meeting
Topeka
November 4, 2023**

Update on my priorities for 2023-2024.

The two areas Acting DG Margy asked me to concentrate on as DA is helping clubs complete monthly membership reports and service reporting. Attached is a list of all clubs and their reporting status.

28 clubs are reporting monthly membership status and have inputted at least one activity in MyLion.

1 club has reported an activity in MyLion, but reported no monthly membership status.

16 clubs have not submitted monthly membership reports in MyLCI or activity reports in MyLion. I have sent emails or left voice mail for these clubs offering my assistance.

27 clubs have reported monthly membership reports, but not entered any activities in MyLion. I have also sent them emails offering my assistance. Clay Center Secretary does not have voice mail and no officer has an email listed.

Also attached is a form to fill out if they wish me to fill out activities in MyLion.

I would respectfully ask that the DG Ream and Zone Chairs highlight this at future visitations and meetings.

At the USA/Canada Lions Leadership Forum, they announced that the revised fielding date for the Lions Portal is January.
