

GST Report

November 4, 2023

Submitted by

Diane Hentges

21,153 were served through 95 various service projects. Our district is serving their respective communities. Just 22 of the 72 clubs in 17A are reporting through MyLion. Just think what the numbers would look like if the other 50 clubs reported. If your club needs help reporting let me know.

November is National Diabetes Month and National Eye Donor Month. Both offer opportunities for programs and service projects. Clubs are getting ready to honor Veterans and preparing for their Thanksgiving projects.

An article will appear in the November newsletter. I have interacted with the president and/or GST of five clubs in the district regarding service.
